About This Software

Critical Compendium is a content creation and management tool for D&D 5th Edition. The complete 5.1 SRD is included with support for importing your existing XML compendiums.

Features

- Guided character creation
- Complete character management - hp, attacks, inventory, spells, companions, and more
- Encounter creation with advanced monster and character statistics
- Run encounters with time and initiative tracking
- Export characters to form-fillable PDF character sheet
- Share characters and encounters by exporting to an archive and sending it to your friends
- Import XML compendiums and character and encounter archives
- Complete compendium management - create, edit, and copy anything
- Dice calculator with die hot keys

-
- Quickly reference rules (DM screen)
